

# 2XB3 Deliverable 1

## Lab-01-Group-05

February 10, 2019

### 1 Topic

The topic that we have selected is Avacado. The objectives are outlined in the following table:

Objective	Description	Deadline
Individual Components Completed	Group members have completed their tasks for first sprint	March 11
Initial Prototype Without Leaderboard	Implement working prototype of application without leaderboard option, and with only a basic UI	Mar 13
Prototype With Leaderboard	Implement leaderboard option to working prototype, and implement proper UI	Mar 27
Testing and Optimization	Test prototype with sample user input, refactor code to improve readability and speed, test edge cases and debug properly	Apr 4
Final Prototype	Finish project	Apr 7

### 2 Project Staffing and Roles

The group members and roles are outlined in the following table:

Member	Role
Erfan Jamalifar	Log Admin
Dakota McKay	Researcher
Andrew Mitchel	Project Lead
Daniel Wu	Lead Programer
